#### [Clariant](#)

# CLARIANT

As one of the world's leading specialty chemical companies, Clariant contributes to value creation with innovative and sustainable solutions for customers from many industries. Our portfolio is designed to meet very specific needs with as much precision as possible. At the same time, our research and development is focused on addressing the key trends of our time. These include energy efficiency, renewable raw materials, emission-free mobility, and conserving finite resources. Our business units are organized into four business areas: Care Chemicals, Natural Resources, Catalysis and Plastics & Coatings.

[UNC Charlotte – Charlotte Research Institute](#)

UNC Charlotte is North Carolina's urban research university. It leverages its location in the state's largest city to offer internationally competitive programs of research and creative activity, exemplary undergraduate, graduate and professional programs, and a focused set of community engagement initiatives. UNC Charlotte maintains a particular commitment to addressing the cultural, economic, educational, environmental, health, and social needs of the greater Charlotte region.

[Knowmad Digital Marketing](#)

Knowmad Digital Marketing is your partner for online marketing success. We help our clients build unique websites that drive traffic, increase engagement and grow sales leads. Is your website delivering its full potential? Let our team help you grow with Search Engine Optimization, Pay per Click, Inbound Marketing and Website Design. Visit Booth #41 during the Vendor EXPO

Sapphire level Sponsors

[BASF](#)

We combine economic success, social responsibility and environmental protection. Through science and innovation, we enable our customers in almost all industries to meet the current and future needs of society. Sustainability is becoming increasingly important as a key factor for growth and value creation. Customers want sustainable products and system solutions, and the company's employees expect BASF to integrate sustainability firmly into its day-to-day activities. That is why we will integrate sustainability much more closely into our business.

[Biotage](#)

Biotage is a global Life Science company that develops innovative and effective solutions for separation within organic and analytical chemistry, as well as for industrial applications.

[Charlotte Regional Visitors Authority](#)

# Charlotte's got a lot.

The CRVA works to deliver experiences that uniquely enrich the lives of our visitors and residents. Through leadership in destination development, marketing and venue management expertise, the CRVA leads efforts to maximize the region's economic potential through visitor spending, creating jobs and opportunities for the community.

Ruby level Sponsors

[Goulston](#)

Goulston develops and manufactures breakthrough products and solutions for surface modification. Our commitment to research and development allows us to continually innovate and provide solutions for new processes, products, and demands in the marketplace. One-third of our staff is dedicated to research and development, including proprietary predictive testing to reduce qualification and validation time and cost for our customers. We provide total production solutions, technical support and services to customers worldwide through a strategic network of agents and distributors. Our commitment to innovation is backed up by an equal commitment to quality and an expectation to exceed customer requirements.

## Pearl level Sponsors

### [The University of Pennsylvania's Master of Chemical Sciences](#)

The University of Pennsylvania's rigorous Master of Chemical Sciences prepares you for the diverse career and academic possibilities in the chemistry fields. Get equipped for your next step with PhD-level courses, individualized advising and concentrations in biological chemistry, inorganic chemistry, organic chemistry, physical chemistry, environmental chemistry and materials.

The Master of Chemical Sciences program connects you with the resources of the Ivy League, including a faculty of leading researchers and experienced practitioners. Take full advantage of Penn's expansive network and complete your research with local and national industry partners, or in one of the University's stellar facilities.

### [SCIEX](#)

SCIEX helps to improve the world we live in by enabling scientists and laboratory analysts to find answers to the complex analytical challenges they face. The company's global leadership and world-class service and support in the capillary electrophoresis and liquid chromatography-mass spectrometry industry have made it a trusted partner to thousands of the scientists and lab analysts worldwide who are focused on basic research, drug discovery and development, food and environmental testing, forensics and clinical research.
